Sign-in options

*Some of these settings are hidden or managed by your organization.

Manage how you sign in to your device

Select a sign-in option to add, change, or remove it.

Security Key

Sign in with a physical security key

Password

Sign in with your account's password

Dynamic lock

Windows can use phones that are paired to your PC to know when you're away and lock your PC when those phones go out of range.

Allow Windows to automatically lock your device when you're away

Dynamic lock is unavailable over remote sessions.
